Report on 'C' and 'C++' Programming Language Training

Organized by: Ashokrao Mane Group of Institutions, Vathar

Training Conducted by: AptTech

Resource Person: Mr. Chirag Raul

Participants: 75 Third-Year CSE Students

Duration: 07/08/2023 to 19/08/2023

Introduction

The Department of Computer Science and Engineering at Ashokrao Mane Group of Institutions, Vathar, successfully organized a training program on 'C' and 'C++' programming languages from **7th August 2023 to 19th August 2023**. Conducted in collaboration with AptTech, the training was led by Mr. Chirag Raul, an experienced professional in programming and software development. A total of **75 students** from the Third-Year CSE department participated enthusiastically, benefiting from the theoretical and practical aspects of the program.

Objectives

1. To provide students with a strong foundation in 'C' and 'C++' programming.
2. To improve students' problem-solving and algorithmic skills.
3. To familiarize students with object-oriented programming concepts.
4. To prepare students for technical interviews and industry practices.

Program Details

- **Duration:** 07/08/2023 to 19/08/2023
- **Mode:** Offline
- **Venue:** Computer Lab, Ashokrao Mane Group of Institutions

Session Highlights

1. **Introduction to 'C' Programming:**
 - Overview of procedural programming.
 - Syntax, variables, operators, and control structures.

Department of Training & Placement Cell

- Functions and modular programming techniques.
- 2. **Advanced Concepts in 'C':**
 - Arrays, pointers, and memory allocation.
 - File handling and best practices in C programming.
- 3. **Introduction to 'C++':**
 - Basics of object-oriented programming (OOP).
 - Key concepts: classes, objects, inheritance, and polymorphism.
 - Understanding constructors, destructors, and operator overloading.
- 4. **Hands-on Coding Practice:**
 - Real-world problem-solving tasks using 'C' and 'C++'.
 - Debugging and optimizing code for better performance.
- 5. **Career Guidance:**
 - Applications of 'C' and 'C++' in various domains.
 - Tips for cracking technical interviews and coding challenges.

Outcomes

- The **75 students** who attended the program developed a solid understanding of 'C' and 'C++'.
- The hands-on exercises helped them enhance their programming skills and problem-solving abilities.
- Students were better prepared to handle technical interviews and contribute to software development projects.

Schedule of 'C' and 'C++' Programming Language Training

Day & Date	Session Timing	Topics Covered	Activities
Day 1: 07/08/2023	10:00 AM – 10:30 AM	Inauguration and program introduction	Welcome session
	10:30 AM – 1:00 PM	Introduction to 'C' programming, basics of procedural programming	Lecture and discussion
	2:00 PM – 4:00 PM	Data types, variables, operators, and simple coding exercises	Hands-on practice
Day 2: 08/08/2023	10:00 AM – 1:00 PM	Control structures: conditional statements, loops (if, for, while, do-while)	Lecture and coding examples

Day 11: 19/08/2023	10:00 AM – 1:00 PM	Advanced features of 'C++': Templates and exception handling	Lecture and examples
	2:00 PM – 4:00 PM	Practical session on templates and error handling	Coding session

This tabular format outlines the comprehensive training schedule, balancing lectures, practical sessions, and interactive activities.

Feedback

The students appreciated the program's structure and the practical focus. They commended the resource person, Mr. Chirag Raul, for his clear explanations and engaging teaching methods. The training was described as highly beneficial for both academic purposes and career preparation.

Conclusion

The training program on 'C' and 'C++' was a significant success, effectively enhancing the programming skills of 75 TY CSE students. It provided a perfect blend of theoretical knowledge and practical application, helping students prepare for future challenges in academics and the software industry. The Department of Computer Science and Engineering is grateful to AptTech and Mr. Chirag Raul for their contributions to the program's success.

Training Report: Python Programming Training at Ashokrao Mane Group of Institutions

Date: 16/03/2024

Duration: 11/03/2024 to 16/03/2024 (One Week)

Participants: Students of SY B.Tech Division A, B, and C, Department of Computer Science and Engineering (CSE) (Selected Students for Training Phase Cycle-I)

Objective: The Python Programming Training conducted by Fameux Technologies aimed to equip students with the fundamental concepts and practical skills necessary to develop proficiency in Python programming language.

Training Overview:

Day 1: Introduction to Python

- Overview of Python programming language.
- Basic syntax and data types.
- Hands-on exercises on variables, data types, and basic operations.

Day 2: Control Structures and Functions

- Conditional statements (if-else).
- Loops (for, while).
- Introduction to functions and their importance.
- Practical exercises to implement control structures and functions.

Day 3: Data Structures

- Lists, tuples, and dictionaries.
- Operations on data structures.
- Exercises on manipulating data structures.

Day 4: File Handling and Modules

- Reading and writing files in Python.
- Introduction to modules and libraries.
- Hands-on practice on file handling and importing modules.

Day 5: Object-Oriented Programming (OOP)

- Concepts of OOP: Classes and objects.

TRAINING & PLACEMENT CELL

- Inheritance, encapsulation, and polymorphism.
- Practical implementation of OOP concepts.

Day 6: Advanced Topics

- Exception handling.
- Regular expressions.
- Introduction to libraries such as NumPy, Pandas, and Matplotlib.

Day 7: Project Day

- Students worked on a mini-project to apply the concepts learned throughout the week.
- Guidance provided by trainers to solve problems and implement solutions effectively.

Methodology: The training sessions were conducted through a combination of lectures, interactive discussions, and hands-on coding exercises. Trainers emphasized practical learning by providing numerous coding exercises and projects to reinforce theoretical concepts.

Feedback: At the end of the training, students were asked to provide feedback on the overall experience. The majority of students expressed satisfaction with the training program, highlighting the clear explanations, engaging exercises, and practical relevance of the content.

Conclusion: The Python Programming Training conducted by Fameux Technologies at Ashokrao Mane Group of Institutions proved to be highly beneficial for the SY B.Tech students of the Department of CSE. By providing a comprehensive understanding of Python programming concepts and practical skills, the training has equipped students to pursue further studies and careers in software development, data analysis, and other fields.

Report on Workshop on IOT, AR and VR

Duration: 30/04/2024 to 04/05/2024

Participants: 70

Resource Persons: Mr. Rahul Gupta

Summary

The 5-day training program focused on the integration of **Internet of Things (IoT)**, **Augmented Reality (AR)**, and **Virtual Reality (VR)** technologies, providing participants with hands-on experience and theoretical knowledge. The training covered IoT fundamentals, communication protocols, AR and VR development tools, and their applications in enhancing IoT systems. Participants were introduced to cutting-edge concepts and encouraged to develop innovative projects that integrate these technologies for real-world applications.

Objectives

1. To provide a comprehensive understanding of IoT, AR, and VR technologies and their integration.
2. To develop participants' technical skills in IoT hardware, software, and communication protocols.
3. To explore the role of AR and VR in enhancing IoT applications.
4. To inspire innovation through project-based learning and practical activities.
5. To enable participants to create AR/VR-enabled IoT systems with real-world relevance.

Contents

1. Introduction to IoT Basics
2. IoT Communication
3. Introduction to AR and VR

4. VR in IoT
5. Project Work

Outcomes:

1. Participants gained hands-on experience with IoT devices, AR/VR development tools, and communication protocols.
2. Encouraged innovative thinking and problem-solving through project-based learning.
3. Learned to effectively integrate AR/VR applications with IoT platforms.
4. Developed a clear understanding of how AR and VR technologies can elevate IoT systems in diverse domains.
5. Final projects demonstrated practical applications, such as AR dashboards for IoT monitoring or VR-based training environments.
6. Inspired participants to explore advanced topics and pursue careers in emerging technologies.

Conclusion:

By integrating AR and VR technologies into IoT practical sessions, TY E&TC students can gain a deeper understanding of how these emerging technologies can enhance IoT applications. Practical hands-on experience will prepare them for future careers in IoT development and related fields.

Schedule of IOT, AR and VR Workshop

Day	Topic	Subtopics	Hands-On Activities
Day 1	Introduction to IoT Basics	- Overview of IoT and applications - IoT architecture and components - IoT protocols (MQTT, HTTP) - IoT hardware components - Sensors and actuators	- Setting up a basic IoT system using Arduino and sensors - Building circuits and interfacing sensors with Arduino
Day 2	IoT Communication	- Communication protocols: MQTT, HTTP - Wireless technologies: Wi-Fi, Bluetooth, Zigbee, LoRa	- Setting up communication between IoT devices using MQTT protocol
Day 3	Introduction to AR and VR	- Overview of AR and VR technologies - Differences between AR and VR - Applications of AR and VR in IoT - AR development tools (ARKit, ARCore) - How AR enhances IoT applications	- Exploring AR/VR environments using Unity/Unreal Engine - Developing an AR application to visualize IoT sensor data
Day 4	VR in IoT	- Potential of VR for IoT: Simulations, training - VR development tools (Unity, Unreal Engine) - AR/VR and IoT platform integration - Advanced AR/VR features: spatial mapping, object recognition	- Creating a VR environment connected to IoT sensors (e.g., smart home simulation) - Integrating real-time IoT data with AR/VR applications
Day 5	Project Work	- AR/VR-enabled IoT projects - Mentoring and guidance - Continuous evaluation through quizzes and assessments	- Develop and present final projects integrating AR/VR with IoT technologies

Training Report: Python Programming Training at Ashokrao Mane Group of Institutions

Date: 20/04/2024

Duration: 15/04/2024 to 20/04/2024 (One Week)

Participants: Students of SY B.Tech Division A, B, and C, Department of Computer Science and Engineering (CSE) (Selected Students for Training Phase Cycle-II)

Objective: The Python Programming Training conducted by Fameux Technologies aimed to equip students with the fundamental concepts and practical skills necessary to develop proficiency in Python programming language.

Training Overview:

Day 1: Introduction to Python

- Overview of Python programming language.
- Basic syntax and data types.
- Hands-on exercises on variables, data types, and basic operations.

Day 2: Control Structures and Functions

- Conditional statements (if-else).
- Loops (for, while).
- Introduction to functions and their importance.
- Practical exercises to implement control structures and functions.

Day 3: Data Structures

- Lists, tuples, and dictionaries.
- Operations on data structures.
- Exercises on manipulating data structures.

Day 4: File Handling and Modules

- Reading and writing files in Python.
- Introduction to modules and libraries.
- Hands-on practice on file handling and importing modules.

Day 5: Object-Oriented Programming (OOP)

- Concepts of OOP: Classes and objects.
- Inheritance, encapsulation, and polymorphism.
- Practical implementation of OOP concepts.

TRAINING & PLACEMENT CELL

Day 6: Advanced Topics

- Exception handling.
- Regular expressions.
- Introduction to libraries such as NumPy, Pandas, and Matplotlib.

Day 7: Project Day

- Students worked on a mini-project to apply the concepts learned throughout the week.
- Guidance provided by trainers to solve problems and implement solutions effectively.

Methodology: The training sessions were conducted through a combination of lectures, interactive discussions, and hands-on coding exercises. Trainers emphasized practical learning by providing numerous coding exercises and projects to reinforce theoretical concepts.

Feedback: At the end of the training, students were asked to provide feedback on the overall experience. The majority of students expressed satisfaction with the training program, highlighting the clear explanations, engaging exercises, and practical relevance of the content.

Conclusion: The Python Programming Training conducted by Fameux Technologies at Ashokrao Mane Group of Institutions proved to be highly beneficial for the SY B.Tech students of the Department of CSE. By providing a comprehensive understanding of Python programming concepts and practical skills, the training has equipped students to pursue further studies and careers in software development, data analysis, and other fields.

Training Report on

Soft skill Training for Third Year Students

Date: 09/05/2024

Duration: 30/04/2024 to 04/05/2024

Participants: 70

Resource Persons: Dr.Satish Lakade Sir and Mr. Mohan Shinde

Summary:

This soft skills training program conducted by the Department of Training and Placement Cell (T&P Cell) for third-year CSE students. The program aimed at equipping students with essential soft skills necessary for success in their professional careers. Dr.Lakade and Sir Shinde served as the resource persons for the program.

Program Objectives:

- Enhance students' communication skills, both written and verbal.
- Develop strong interpersonal and teamwork abilities.
- Foster critical thinking and problem-solving skills.
- Improve leadership potential and self-confidence.
- Equip students with effective interview and presentation skills.

Program Content

The training program likely consisted of a mix of theoretical and practical sessions.

- Theoretical sessions covered topics like communication styles, active listening, conflict resolution, teamwork dynamics, and time management.
- Practical sessions involved role-playing exercises, group discussions, case studies, presentations, and mock interviews.

Outcomes: The program has a positive impact on the employability of participating students.
