Dear Sir,

Greetings!

In continuation with our last year MOU for Revit Architecture, I would like to present to you our proposal to continue the tie up this year also.

We are interested in conducting one day seminar on AutoCAD, Revit Architecture and MSP as per demand and interest of students.

We are sure that these seminar will give glimpse of the software and make the students aware about upcoming advanced technology in their working field.

Please give us an opportunity for the seminar in coming few days.

Thanks & Regards,

Dear Sir,

Thank you very much for awareness program and pre placement talk conducted to our final year students.

Dr. S V Thakare &

Dr. S K Singh

Sr. Scientific officers visited to our institute on 10th January 2018 and interacted with our final year degree students (pre lunch session), final year polytechnic students (post lunch session) in two different slots. Thank you for their contributions.

Both the officials interacted with head of department and senior faculty members after two sessions of students.

the interaction between faculty and officers were held in presence of Dr. D N Mudgal, Executive Director, AMGOI, Vathar

The total objective of their visit was served. our students and faculty members are very much thankful to them and BARC management.

In future we will continue our contributions for programs like public awareness.

Dear Sir/ Madam

The One-year Orientation Course for Engineering Graduates and Science Post-Graduates (OCES) is a Training Programme run by the Bhabha Atomic Research Centre Training Schools at Mumbai, Kalpakkam, Indore and Hyderabad to train deserving and motivated candidates, with a bachelor's degree in different engineering disciplines (mechanical, chemical, metallurgical, civil, electrical, electronics, computer Sc, instrumentation and Nuclear engg.), to pursue a career in frontline areas of nuclear, accelerator, and material science and technology in various units of Department of Atomic Energy (DAE). As a part of this programme, more than 150 engineering graduates and approximately 100 science post-graduates are selected every year. The candidates for OCES programme are selected on the basis of Selection Interviews held during May-June every year. Candidates are screened in for the Selection Interviews based on a GATE score or on the basis of their performance in an Online Examination conducted by the BARC Training Schools. In order to apprise the students on the work being carried out in DAE in the frontline areas of Research and Development and inform them about the career prospects in DAE, an outreach programme is being organised by the BARC Training Schools at some selected engineering colleges. As part of this effort we request you to organize a visit by two of our senior scientists/engineers to your college, during which they will interact with and address the engineering students, especially those in their final year, in your college on the prospects of making a career with the DAE. As the window for online application to the OCES/DGFS-2018 programme is open from January 1, 2018 to February 6, 2018 the ideal time for the visits is in the period January 1, 2018 to February 1, 2018. As we intend to visit a few other colleges in the vicinity as well, it is requested that you provide two or three alternate dates convenient to you, so that a convenient itinerary can be drawn up by our officers who will be visiting your college. We particularly hope to tap into the young, bright and motivated students currently studying in your college who may contribute in a big way to the Indian Nuclear Energy programme in the years ahead. We look forward to hearing positively from you soon, so that the visit can be finalised.

You are also requested to provide the contact no. and email addresses of coordinating persons from your side.

Thanking you for your co-operation.

With Best Regards,  
OP Singh, Sc. Officer-F

Dear Prof. Dr. Bhagwan,

It is a great honour for me to connect with you on email.

I take this opportunity to introduce myself, I'm **Upendra Rai, Project Director at Millionminds - An Enabling Startup Platform for innovative students.**

I'm extremely delighted to express my gratitude towards having a collaboration of "**Ashok Rao Mane Group Of Institutions**" with **Millionminds** – on its Free Entrepreneurship Program.

Also, I would like to mention that this collaboration will boost your Industry-Institute Interface program and will surely strengthen Entrepreneurship Development Cell initiatives at your campus in complete sense.

**I would like to take this opportunity to put some lights on services which Millionminds Team will be rendering to your Institute and students under this fruitful collaboration:**

- 1. Start-up-Talk Session** – Millionminds will be conducting 1-2 sessions of Startup Talks by inviting real life Startup founders to share their journey with your students and guiding them on how to go about creating your own venture. Millionminds have already conducted **100+** Startup Talks across **75+** cities in a very short span of time. This academic year, we already have **150+** Startup Talks committed.
- 2. Webinar Session:** Millionminds will also arrange webinar sessions with key Startup Founders in case the Startup founders are not available in the region or geographical accessibility is not possible for them.
- 3. Axiom: An Online Startup Course** – A Fully Structured Startup Video Courses: Students to get access to around **50+** hours of Startup Video Course material classified into **Basic, Mid-Level and Expert** level of entrepreneurial knowledge. Axiom Startup knowledge is curated video contents across **7 Modules** divided into **32 Chapters** covering **220+ Topics** from **20+ Industry verticals**. Students will get knowledge across various industry vertical that too from real life entrepreneurs who are able to scale their Startup business from Idea to Execution. Axiom is Inspiration cum knowledge oriented program.
- 4. Startup Experienceship Program for Your Students:** Millionminds will offer Startup Experienceship learning opportunity

to your 20 nominated students. Millionminds will offer below Experienceship opportunities in a year time:

Shadow a Founder of a Startup

Spend a week or two at Startup organization for Project Basis Works (**Industry Certification Program**)

Brainstorming and Ideation Activities at Startups organization along with their business Teams

1-to-1 Mentorship to budding student entrepreneurs from your campus

Internship Opportunities (Possible but in limited numbers) (**Industry Certification Program**)

5. **The Startup League:** Under the auspicious patronage of **Startup India (A Govt. of India Initiative)**, Millionminds is bringing this Pan India Startup Idea Hunt show "THE STARTU LEAGUE" for your innovative students. Your selected student with innovative Startup Idea will get a chance to participate in this league and if selected, they'll get opportunity to present their idea in front of real time Startup Mentors, VCs & Investors to acquire mentorship support, guidance and funding avenues to make their idea happen in reality. Millionminds will be providing hand holding approach to these students in their journey.

6. **Millionminds To Appoint Student Ambassador:** Millionminds will appoint 1-2 selected student from your campus as "Campus Ambassador". They'll be given opportunities to earn name and fame by being part of various meaningful entrepreneurial happenings at your institute and in your locality. This will immensely develop leadership qualities among selected student ambassadors. Here they will be part of "Campus Ambassador Program" - **A Millionminds & Startup India (A Govt. of India Initiative)** joint initiative to foster and engage your students with Startup ecosystem in a lively manner. They will be leading various meaningful initiatives to uplift Startup India mission in their network and cross campus. Post successful completion of set activities, they will be awarded certificates by Startup India body along with many other opportunities to be part of growing Indian Startup Ecosystem.

7. **Campus Adda:** Millionminds will be engaging enthusiastic students from your campus into wonderful INNOVATION EXCHANGE model where students will be lively interacting on innovative business models along with many other students PAN India. It will be focused on promoting innovative thinking among your students.

8. **Possible Employment Opportunities:** By engaging with Millionminds platform, your enthusiastic students will be eligible for various upcoming employment opportunities in new age innovative organizations. Millionminds Team will try it's best that your selected students get meaningful opportunities for employment viz., Internships, short term job opportunities, full-time opportunities etc. Though Millionminds is not at all a placement assistance portal, Millionminds Team always stay in touch with many Startups organizations & Entrepreneurs hence such opportunities comes very often to us where we can engage selected students from your institute.

#### What Is Next?

- Please nominate 1 student ambassador who will be appointed as official Campus Ambassador for Millionminds & Startup India initiatives.

- Ask 15-20 interested students to get in touch with Team Millionminds at [contact@millionminds.co.in](mailto:contact@millionminds.co.in) to access the Axiom Program and Experienceships at ZERO cost.

- You can put up requests whenever you want to conduct a Startup Talk or any Entrepreneurial Activities in your Campus and Millionminds Team will do best to support your initiative.

In my personal capacity, I can assure you that in this collaboration, you'll have only win-win situation for your students and institute.

Feel free to contact me on email or on call should you have any question (without any hesitation, any time, at your convenience).

Looking forward to hear from you to exhibit more meaningful endeavours with your institute.

Regards,

Upendra Rai

Dear Dr. Patil,

Good day!

I got a positive response from a young entrepreneur who have shown his interest to become a Startup speaker at your campus. He has given us his availability for the 1<sup>st</sup> half of January.

Mr. Harshwardhan Patwardhan

Founder & CEO - Chappers.in

So I suggest best possible option for you here (if you like it):

1. I can come on **Saturday, 30<sup>th</sup> Dec** and take introductory session on Startup Ecosystem and help students with their basic questions.
2. Then as mentioned above, for 2<sup>nd</sup> Talk, we can have the respective entrepreneur to visit your campus in the month of Jan.

Please let me know if this suits you.

Regards,

Upendra Rai

# KPIT Sparkle Day

**When opportunity comes calling, do not give it a miss!**

We are in an exciting age where ideas are valued. If you have a great idea, all you need is a platform to showcase & get the necessary resources to turn the idea into a reality.

If these are your thoughts, wait no more! **KPIT Sparkle, India's largest innovation contest for science and engineering students is coming to KIT Kolhapur on 1<sup>st</sup> August 2017.**

KPIT Sparkle team will conduct a day long workshop to explain the concept in detail and address all your queries. **The agenda for KPIT Sparkle Workshop at KIT Kolhapur on 1<sup>st</sup> August 2017 as follows:**

## **Key Facts of KPIT Sparkle:**

Participation from over **10,000** students across the country

The ideas and IP will always remain with the participants

Best ideas would receive a **cash prize of INR 10 lakh (Platinum), 5 lakh (Gold), 2.5 lakhs x 2 (Silver) & 1 lakh (M P Award)**

> Travelling & accommodation of the selected finalists will be provided by KPIT Technologies

> Grand finale will be in Pune, Maharashtra

Dear Sir,

Greetings from Opulent!

Opulent has started the **Enriching India Initiative (EII)** with the stated objective to achieve **sustained innovation, employability and skill development in India**. We have started multiple programs to achieve this objective.

Many industry leaders, institutes and organisations have joined the EII and have partnered with Opulent. Multiple honourable ministers and bureaucrats have also supported this initiative.

We invite your institute to join us in this initiative for the betterment of your students.

**For the coming academic year, we have planned the following free programs under collaboration with our partner institutes -**

### **Project Sponsorship Drives (Jun - Jul 2017)**

Project sponsorships for the most practically and technically equipped final year students. The students would be provided with an opportunity to work directly with the research teams in the industry or tech startups on latest projects and technologies.

### **Advanced Technical Workshops (Aug - Oct 2017)**

Free advanced technical workshops designed by industry professionals to be conducted in your campus for all the departments. These sessions would introduce latest technological trends, current and future skill-set requirements of the industry. They would also give a demonstration of the most lucrative technology for each engineering department. This session would also be followed up with Q&A and counselling.

### **Mega Placement Drives (Jan - Mar 2018)**

Common placement drive for more than 100+ companies to be conducted in the institute. Placements would be counted in the campus placements. We would bring as many "core" jobs as possible.

**To sustain the initiative financially, we have also designed some paid programs. Institutes or students can chose to benefit from these voluntarily.**

Currently, these include -

- Faculty Development Programs
- Detailed Skill-Assessment, Analytics and Career Counselling for the students

- Advanced Skills Training
- Project Mentorship Programs
- Entrepreneurship Programs

Details of these programs would be communicated on demand. We hope to add many more programs to the free list in the coming years.

#### **MOU Signing and the Next Steps -**

Kindly find the soft copy of the MoU attached in the email. We have also attached another document which mentions offerings for your institute under the MoU. Once we receive a confirmation from your institute, we will start coordinating with the companies and schedule free programs and placement drives at your campus. MoU signing would be coordinated with you. Also, if you are interested in knowing more about any of our programs, you can contact us on this number - 7219809972

We look forward to work in collaboration with your institute. Let's nurture our students to not only survive but excel in the coming turbulent years!

P.S.

- Opulent is a tech-product and R&D consultancy firm. We are a team of 120 young tech-enthusiasts who are on our mission to Enrich India through Innovation.
- We would like to thank Hon' Cabinet Minister, Shri Nitin Gadkariji for supporting this initiative as well as SME Chamber of India, Startup Council of India, 30+ engineering colleges and many partner companies to be a part of this initiative.
- Crediting Aspiring Minds for publishing such an eye-opening study on National Employability (attached)
